ALEXIS FORD

FORD TOUGH

Porn superstar Alexis Ford is used to stupid automotive puns and bad double-entendres about cars. "Have you driven a Ford lately?" "Can I rev your engine?" "That's one Ford I'd like to rear-end!" Alexis says. "I have heard them all. Some make me laugh, but most are just silly and unfunny." Well, we have to hit the road, Ms. Ford, but before we burn rubber, can we fill up your love tank with high-octane jism?

TERMINAL VECTOR

D.B. COOPER

& HIS STEADY DESCENT

INTO HELL

Story by PETER THOMPSON

"It has been said of dreams that they are a controlled psychosis, or, put another way, a psychosis is a dream breaking through waking hours." —Philip K. Dick, VALIS

ONE OF THE FIRST LESSONS EMPLOYED BY THE CIA AND THEIR UNCONSCIONABLE TEAMS OF MENTAL MERCENARIES—DURING THEIR MORE THAN HALF-CENTURY TENURE OF BLACK BAG EXPERIMENTS AND ATTEMPTS TO CONTROL THE MINDS OF MEN—WAS TO TEACH THAT APPLIED TRAUMA CAN WORK LIKE A SKELETON KEY TO UNLOCK THE HUMAN UNCONSCIOUS. POLITICIANS CAUTIONED ABOUT ANY DELIBERATE AND CALCULATED ATTEMPT AT WHAT THEOLOGISTS FEARED COULD BE THE "BREACHING OF THE SOUL". HOWEVER, CIA PSYCHIATRISTS MUSED THAT IF IT WERE CLINICALLY POSSIBLE TO BLUR THE LINE BETWEEN THE NOURISHING DREAM STATE AND WILD-EYED COGNIZANCE, GOVERNMENT COULD THEN CREATE A RACE OF HUMAN ROBOTS THAT WOULD NOT ONLY THINK THE WAY THEY WANTED THEM TO THINK, BUT "ACT" THE WAY THEY WANTED THEM TO ACT.

If You Could Read My Mind...

Did the CIA succeed in their attempts to develop a systematic strategy to control the minds of men? Are they turning out, even today, Manchurian Candidates on virtual assembly lines? Some evidence seems to suggest that the answer is "yes" and that they've been doing it for decades. Perhaps we've all been brainwashed into working against our own best interests—often without even knowing it.

Even if the CIA never quite mastered the art of turning people into flesh and bone remote-controlled drones, they certainly learned how to effectively ruin people's lives. We're talking about inflicting permanent damage to human minds—

people who appear to be alive, but whose eyeballs flash eternal question marks

Mind Games

Turns out, manipulating a person's thoughts and dreams isn't so difficult and can be done using any number of methods originally researched by Nazi scientists, from using ELF's (extremely low radio frequencies) to electromagnetic and holographic technologies, then perfected by the CIA during notorious mind control projects like MKUltra and MKSearch. The Agency has been studying these methods for decades—since longtime FBI chief J. Edgar Hoover was a size-24 in a sundress. Beginning with the Cold War, we've spent billions of dollars on black projects in order to learn how to manipulate the human mind. Once you can alter someone's dreams, why should manipulating their waking life be any different?

First, the harsh reality of fact

"The D.B. Cooper Skyjacking Case was officially closed by the FBI in July 2016.

"After 45 years of investigation, millions of dollars spent, and tens of thousands of man-hours exhausted, Federal authorities finally gave up on finding the man. It remains the only unsolved case of domestic hijacking in U.S. history—it's the only time in a century of American aviation where the bad guy got away. Or did he?"

D.B.'s Curious Caper

It happened like this: The day before Thanksgiving, Wednesday, November 24, 1971, a man believed to be in his early-forties gave his name as Dan Cooper (an erroneous early media report mistakenly labeled him "D.B." Cooper and the misnomer stuck) paid \$20 in cash for a ticket on Northwest Orient Airlines Flight 305, from Portland, Oregon to Seattle, Washington. At just over half an hour from wheels up to landing, it was a short hop—one of the shortest on the carrier's itinerary.

The man in question wore a dark suit, dark loafers, a black tie (which he left behind in his seat) and a dark overcoat.

*This is a work of fiction. Names, characters, businesses, places, events and incidents are either the products of the author's imagination or used in a fictitious manner. Any resemblance to actual persons, living or dead, or actual events is purely coincidental.

Those who saw him described Cooper as a business executive-type who was polite, but others said he swore a lot. After ordering a Bourbon and 7-Up and smoking several Raleigh cigarettes, Cooper got the attention of 22-year-old flight attendant Tina Mucklow and passed her a folded note. Thinking Cooper was just another horny, lonely businessman trying to make time with her, she pocketed the note without reading it. Minutes later, at his insistence, Ms. Mucklow read the note and realized it was a message threatening to blow up the plane unless he received \$200,000, four parachutes, and food for the crew upon landing. Cooper then had the stewardess sit next to him and opened his briefcase just enough to prove to the stewardess that he was serious. There appeared to be a bomb in the suitcase, she'd later recount, seeing wires and red sticks that appeared to be hooked up to a large battery. Mucklow immediately informed the flight crew, and when the plane landed in Seattle, it taxied out to a distant area away from the main gates where the ransom and parachutes were delivered. Many of the passengers would later claim they had no idea they had been hijacked.

Because Cooper wore a pair of dark wraparound sunglasses for most of the flight, accurate, detailed descriptions of his face were hard to come by.

The ransom money was paid in marked \$20 bills and weighed more than 21 pounds. His demands met, Cooper released all the passengers and crew as promised, except for the pilot, co-pilot, flight engineer and one stewardess. He then demanded the jet take off and head south. Once in the air, Cooper demanded that they head for Mexico City. The pilot said there wasn't enough fuel to go that far and instead suggested Cooper select another city on the way where they could refuel. Cooper chose Reno, Nevada and the plane was put on automatic pilot in that direction. He stipulated that the plane remain at 10,000 feet, fly with flaps up, and not exceed 200 mph, a speed that would barely prevent the Boeing 727 from going into a mid-air stall. The Air Force quickly scrambled two F-106A fighter jets from McChord Air Force Base in Washington State to follow the jet, but they couldn't fly that slow and had trouble keeping the aircraft in sight, having to

often double-back after overflying the plane. Compounding the challenges of the mission, visibility was poor and the cloud ceiling was alarmingly low. Also following the hijacked plane was a C-130 aircraft and a helicopter.

At approximately 8:13 pm, the pilot reported that a warning light registered on the instrument panel indicating the well leading to the rear staircase had come on, and that someone had apparently activated it. Seconds later the crew felt a decided bump and loss of cabin pressure, indicating the rear stairwell had been deployed in mid-air.

Upon landing, the stairwell—still deployed—bounced down the runway in a shower of sparks. When law enforcement boarded the plane there was no sign of Dan Cooper, that is, except for his tie.

The FBI immediately deployed to the jump zone. More than 1,000 men combed the delineated jump targets for any sign of Cooper. High-resolution pictures were even taken by the top secret SR-71 Blackbird spy plane.

Searching For D.B.'s Fortune

In 1980 a few packets of badly weathered ransom money were found by a boy exploring a creek. Part of the parachute was allegedly found 20 years later, but as of 2016, the "gentleman skyjacker" still remains on the loose. Without actually admitting defeat by stating that the investigation had become a drain on agency resources that could be better spent elsewhere, the FBI simply gave up.

The \$200,000 taken by Cooper would be worth the equivalent of over \$1.2 million today. That is, of course, if any of the

cash were ever spent, but, according to law enforcement authorities, none of the ransom money ever reentered circulation.

D.B. Cooper, not surprisingly, became an instant celebrity and folk hero and his jet jumping exploits were copied by at least a couple other would-be hijackers, none of whom made good on their escapes. A copycat hijacker was caught a few months later, but nobody ever heard from Dan Cooper again.

See Something, Say Something

Natalie Wilson spent her whole career as a medical secretary for an eminent psychiatrist and CIA asset named Dr. Leo Riesege, a man who practiced medicine for 45 years in San Francisco, remembered Dan Cooper, recognized him from the famous FBI sketch and could easily recall elements of his personality: what kind of person he was, and his psychological problems, mostly because he and Wilson were both afraid to fly. For 12 years—until November 1971—Dan Cooper came into Dr. Riesege's office, once, twice, sometimes three or four times a week, every week. He was one of the good doctor's patients.

As any employee nursing a healthy curiosity and a bit of a grudge toward an employer who made her report to work every day even when there was nothing to do, Ms. Wilson says she often passed the time pouring over patient files.

"I've always been a nervous flyer," she confided.

Ironically, so was Dan Cooper. At first she just wanted to see how he was doing and frankly if he was making any progress "I'm one of those people who are constantly checking the wings when the plane goes through any little bit of turbulence to make sure they haven't fallen off," she admits. "I'm the one trying to pull up the plane by pulling up on my seatbelt."

Ms. Wilson is describing a not too uncommon fear of flying. Millions of people are afraid to fly, but many of them have to do it, they have no choice. Many, in fact, struggle through the experience only with the assistance of medication and/or alcohol. Ms. Wilson puts herself in this category. Flying, to her, was her worst nightmare.

To Dan Cooper, flying was an existential crisis that could cause acute posttraumatic stress disorder (PTSD). As she would later

SABRINA MAREE

**RIDE 'EM,
COWGIRL!**

At first glance, Sabrina Maree appears to be a big-titted redhead with a juicy shaved box. But she's a whole lot more than that. She's also a certified pervert with a twisted fantasy about savage cowgirl sex. "I want a real-life cowboy to chase me down in a field and capture me, like I'm a wild mare," Sabrina explains. "He takes me back to a dirty barn and breaks me with his dick. He fucks me like a big, buck stud, filling me with his seed!"

learn through browsing his charts, Dan Cooper was a very broken man with a very broken soul.

"First and foremost, that's why it took so long for me to believe that this Dan Cooper could possibly be the other Dan Cooper, the guy who so calmly seemed to hijack that flight and then actually jump out of the back of the plane with his parachute. I refused to believe the Dan Cooper I knew could have done something like that in a billion years. Maybe longer."

Just talking about flying for a few minutes and Natalie is nervously chewing her fingernails looking more than a bit uncomfortable. She hasn't flown in two decades. But then again, Dan Cooper hasn't flown since 1971.

After all, how many Dan Coopers could there possibly be in the world? Thousands perhaps? It just didn't add up to her. But then again, she says, neither did Dr. Riesge.

The Blue Files

There was the time near the end of Dr. Riesge's life that Natalie had been called in on a Sunday to rush down to the office and burn the blue files...all of them—and quickly.

In Dr. Riesge's office, most files were marked green, others were marked red, and about 10 percent or so were marked blue. She was told to load the blue files into her car, take them home, and burn them in her fireplace. It was of the utmost importance that she destroy all of the files marked in blue for the purpose of preserving "the reputation of Dr. Riesge."

"I never really officially stopped working for the doctor," she said. "He started coming in half time, then once a week. Soon he was only in every other month. The paychecks kept coming so I kept showing up for work." The Sunday of the "the request" the doctor was being treated in the hospital when he called her before undergoing anesthesia for a prostate operation and made her promise once again to stop what she was doing and go burn "the goddamn blue files." She recalls that he made the whole process somehow seem even more unseemly by offering to "buy her lunch" once she had completed the task.

"He died owing me about 500 lunches," Wilson jokes.

He was seen in the vicinity of the aircraft, possibly from the ground. He was seen in the vicinity of the aircraft, possibly from the ground.

The man who hijacked Northwest Airlines flight 305 on November 24, 1971 and escorted his airline out of Tokyo. The identity of this individual remains unknown, but he purchased his ticket under the name of Dan Cooper. He has subsequently become better known as:

D. B. Cooper

schizophrenic, but I think she was more of an acid casualty, as in she probably fried her brain on LSD. The more I learned about MKUltra and some of the crimes the doctors were committing on some of these people in the name of mind control the more I came to believe that she had once been an early victim. Her chart showed she'd been dosed about 100 times in just over a year. When she came to the office she was stuttering. That's a lot of LSD."

"Dan Cooper's charts had a lot of stuff blacked out and a lot of stuff written in a kind of medical code. I'd never seen a patient's chart redacted like that before."

And they didn't pay with insurance. A private corporation with nothing but a mailing address in Bethesda, Maryland took care of all of the bills. They also, once a month, sent Dr. Riesge checks for between \$10,000 and \$14,000 every month—for years.

When Dr. Riese finally passed away, Natalie says some goons from the alphabet agencies came to the funeral. Then they descended on the doctor's house, allegedly lugging away his filing cabinets while his daughter was still grieving.

"The very next day after he passed they were out there taking away his files and they were in his office getting all they could find out of there."

For the next few weeks, Ms. Wilson said she was terrified to even go near the shed where she had been storing the blue folders that she had once been told to burn.

"I knew I was being watched," she said. When Wilson finally got the nerve to go check the shed everything on the surface appeared normal.

"The padlock was still on the door," she remembered. "But the folders were gone." "Dr. Riese ran these really sleazy looking ads soliciting people with phobias for hypnosis studies," she said. "The ads promised payment. Basically the same amount of money it took to support a heroin habit for a day. I told him it would only attract the wrong kind of people. Obviously, the wrong people were the right people for his needs."

A week after I first interviewed Ms. Wilson, she sent me a letter. In it she told me she had lied. She *did* know where the files were and, subsequently, sent me several hundred pages of journal entries.

Dan Cooper's Nightmare

He was having "The Dream" again; the one where he could fly. Landing was easy—there was this particular movement you did with your body, like the way he'd seen people sort of delay landing with a parachute to slow up at the last minute, sort of allowing the parachute to fill with air. Well, that was possible to do with just your shirt. But you had to loosen it from your pants, which meant removing your tie.

In the dream Dan Cooper is inside the plane again; the jet—specifically the 727 because the aircraft has the back staircase and he's going to get away with the ransom money by jumping out of this unique causeway.

"They will be waiting for me when I hit the ground," he kept repeating. "They will be there."

However, before he even managed to get his parachute securely fastened, he stumbled and lunged forward before he was instantly overtaken by the change in air pressure. Upon opening the aft staircase Cooper was struck head-on by a speeding freight train of wind that was

faced the mirror so he could watch her fine round butt rise up his pole like an animal on a carousel and then slam down on his cock. The pleasure was so intense it started affecting the colors in the room. Everything went crazy, but the blonde was so hot and her hips were so solid he gripped them just for support.

Karen slammed down on his cock.

After that, everything went dark.

Manchurian Spawn

He awoke in a hospital in San Francisco. The entire summer had passed. That's where he first met Dr. Riesge. They discharged him after a week, but his entire life had seemingly disappeared. He had no memory of where he'd been or what happened during the last four months.

He was told the Reno boys wanted \$50,000 from him. What the fuck had happened? Everything was foreign. Why were people calling him Dan Cooper? That wasn't his name, but he couldn't remember his name.

He woke up in a sweat. Samantha was lying next to him. No, that was Karen. He

the bomb out into the slipstream. A glint of metal flashed as it spun into profundity. The monstrous grumbling from the big twin jet engines with their mechanized whine was so loud that it had to be figuratively chased before it could even be heard as he stepped out further. There was a cataleptic half-frown hanging on his face, each hand clutching the handrail, his head level. He was staring blindly through his dark sunglasses into the dim red shine of emergency lighting illuminating the bleak, unbroken maw of stormy sky below. The Boeing 727 was lumbering along through heavy storm clouds at 200 mph, the slowest the plane could cruise without going into a stall. Miles behind the jet appeared the occasional lights of a pair of fighters that had been scrambled from AFB in Washington. Every few seconds the white aviation lights showed a shock of cotton colored cloud and temporarily brightened Dan Cooper's face in its strobe, a face which remained unchanged, unimpressed as the jet kicked and stumbled its way through the clouds, now 10,000 feet above the wet forest floor.

like a continual hard jab to the head and icy shrapnel from the clouds that ripped through him at 200 mph. He carried a toy phrase around in his head that meant nothing to him, but he seemed to think it was some kind of code word, some kind of magic mantra.

Lucky In The Skies With Diamonds

He'd once been a big gambler. He'd taken \$40,000 from the boys at a casino in Reno and the boys decided to make him their guest for the next few weeks. He couldn't turn down their hospitality. Of course, he really just wanted to get lost. Go back to San Francisco with his \$40,000 and marry Samantha.

But the boys weren't going to let him.

He was their guest. He remembered going to a whorehouse a few miles west of town. It was a famous place. He was wasted and still kind of celebrating his win. He went back to the room with a blonde named Karen who looked amazing. She had huge DD tits and wore sexy black-stocking that were all ripped up. She sat on top of him. He

owed the boys a lot of money and he had a plan for how to get it. Now all he had to do was jump out of the plane and parachute to safety.

There he was poised on the edge of space. He had to remember how to do it...the thing with his shirt. Briefly, he struggled as the forces of wind and gravity lowered him to his knees. Cooper reassembled himself with confidence, asserting his balance as he thrust his body forward and conquered the top step of the deployed metal stairs, half inside and half outside the fuselage of the aircraft.

It was dark, but even more than that it was loud, but even louder than the noise was the extreme burning cold. Outside

air temperature was -7F with 200 mph winds.

Both the sensations of noise and cold were of such great extremes that they seemed to require immediate attention. Just on the level of pure short-term survival. Gripping the handrail, Dan Cooper flung the briefcase carrying

"They will be waiting for me when I reach the ground," he repeated. Then, before Cooper even has the chance to jump, his body is ripped from the airplane by a furious wind gust.

Now in direct descent he fumbles with the ripcord, the parachute engages, fills with air and then explodes into shreds, instantly breaking Cooper's neck before gravity reaches up and launches him downward into the lake below, his body nearly frozen by the time it makes a powerful impact that nobody hears.

Every indication was that this was a dream.

D.B.'s Mantra

He knew this dream by heart. He'd had the dream many times now. He remembered there was a way of falling from a plane and allowing just his shirt to fill with air a few feet above the ground. It would slow his fall so that he landed softly on the tips of his toes.

All it took was one blink of the aviation lights when he dumped himself into the sky, an act of clinically coached self-erasure, his sunglasses pressed against his face, the chute deploying properly and quickly filling with air.

He had the money.

This time he knew he would make it.

HIGH SOCIETY's ON THE SET OF...

HARD X'S **anal** **POV** style

ALL IMAGES COURTESY OF **HARD X**

ANAL POV STYLE IS THE VISION OF TWO-TIME MALE PERFORMER OF THE YEAR MICK BLUE AND **HARD X**, AND FEATURES AIDRA FOX, JODI TAYLOR, CASEY CALVERT, AND VICKI CHASE IN FOUR INTENSE AND PASSIONATE POINT-OF-VIEW ANAL SCENES. SHOT IN BEAUTIFUL, BUTT-BLASTING HIGH DEFINITION, **ANAL POV STYLE** PUTS YOU IN THE DRIVERS SEAT, ALLOWING YOU BACKDOOR ACCESS TO EACH BEAUTIFUL GIRL. A SET OF FOUR ANAL SCENES SHOT IN POV FASHION WITH MICK AS THE LUCKY COCK. **ANAL POV STYLE** A WINNER RIGHT OUT OF THE GATE.

JODI TAYLOR

Jodi Taylor is first to get her ass pulverized. She's sitting by the pool in a sheer blue top and yellow booty shorts, pink thong riding up her ass crack. Hey look, she has an anal plug stretching out her asshole! Jody's ass is oiled up and sprayed as she bounces around on an exercise ball. As soon as the poolside tease is done, Jodi's inside with Mick, bugging herself with a glass dildo while Mick uses a vibe on her pussy. Jodi is nice enough and freaky enough to suck Mick's cock clean between position changes. Mick is all into Jodi, balls deep, when he ends things by having Jodi kneel before him and take blasts of nut butter on her face and open mouth. Jodi happily swallows his seed.

CASEY CALVERT

Casey Calvert is up next, wearing a yellow crop top and pink booty shorts that show off her great ass. Once inside, Mick munches on Casey brown eye, getting it ready for the massive anal pounding she's about to experience. Mick goes deep, but the kinky mistress/performer nicely handles Mick's member like a true anal queen. There's some ass-to-mouth—perfect for you horndogs that love watching a girl suck ass. Casey definitely rides Mick's rod with plenty of intensity, bouncing on his cock to show how much she really likes ass action. A wand vibrator helps her enjoy it too. In the end, Casey ends up taking a facial full of Austrian sperm, gladly swallowing all of Mick's little swimmers.

VICKIE CHASE

Speaking of porn anal queens, sexy Latina babe Vickie Chase is a proud one! Vicki wears blue jean cutoff shorts that give her sweet ass a pleasing look. Vicki's twerking results in Mick

pulling off her slutty attire and oiling her all over. Mick splits her cheeks wide open, working his thumb into her ass before Vickie drops to her knees to slob his knob all the way to the hilt. Vicki's active anal riding is absolutely

top notch, the best of the bunch in this film. Vicki is an anal artist, ending with a solid head-down/ass-up doggy, and whipping around to finish Mick off with a sloppy ATM blowjob, and a handjob of epic proportions.

MACKENZEE FILL UPS

All sorts of incredible things happen. When Johnny Sins slips his mighty fuckstick into MacKenzie Pierce, MacKenzie cums with a scream, her back arched like a scared cat. Johnny pounds MacKenzie's glorious hole to orgasm after orgasm, until she's spent and drained, and he's ready to pull out and pop off on her fine tits. Johnny's so different from us. We would prematurely ejaculate on MacKenzie's thighs and shamefully excuse ourselves.

KING OF THE LOAD

A tall, statuesque blonde with mile-long legs and a fuzzy landing strip that beckons you to circle around for a landing, Alisha King is the total package. "I like to think I have a brain to match my body," Alisha says, spreading her long legs wide and letting the hot, pulsating shower-head drum on her glistening clit. She cums hard, and her knees nearly buckle. "I'm smart! I can do things!" Can you squat over our faces and bounce up and down, Alisha?

A close-up photograph of a woman with blonde hair, wearing a black strapless top. She is looking towards the camera with a slight smile. Her right hand is placed on her pubic area. The background is dark and textured, possibly a shower wall. In the top right corner, there is a red and white text overlay.

HIGH SOCIETY'S

BAD GIRL CONFESSIONS

STARRING

JELENA JENSEN

PORN VALLEY, CA—JELENA JENSEN IS ARGUABLY PORN'S ULTIMATE GLAMOUR GIRL. SPREADING HER TRIMMED, BUSHY EAGLE FOR OVER A DECADE, JELENA IS NO STRANGER TO PORN MAGS, ESPECIALLY THE VERY MAGAZINE YOU'RE HOLDING RIGHT NOW (PRESUMABLY WITH ONE HAND). AFTER ESTABLISHING HERSELF AS ONE OF THE MOST BANKABLE ADULT MODELS IN PRINT, JELENA MADE THE MOVE TO hardcore lesbian videos where she has found a home ever since. VERY FEW GIRLS WILL EVER BE ABLE TO FILL JELENA'S BRA—WHICH IS LUCKILY HOLDS HER SOFT, FLESHY, ALL-NATURAL D-CUP TITS.

HIGH SOCIETY: *Have you ever used sex to get out of trouble?*

JELENA JENSEN: I don't think I've ever used sex to get out of trouble. There are much easier ways to skirt around issues.

HS: *Ever gotten a speeding ticket?*

JJ: Yes...I've actually gotten two speeding tickets on the freeway. First one was when I was 18 and I believe I was only going a little over 70 in a 65. The second time was when I was 22 and I was maybe going 75 max in a 65. I still speed, but thankfully haven't gotten any type of ticket in almost 10 years.

HS: *Ever been arrested?*

JJ: Nope and I don't have any plans to.

HS: *Ever have sex in your parents' house while they were there?*

JJ: Numerous times.

HS: *Have you ever been caught having sex?*

JJ: Not that I can think of, but if I had been caught, it wouldn't embarrass me at all.

HS: *Have you ever had a one-night stand?*

JJ: Of course I have! Though I'm not sure of an exact number because it's not something I keep track of. One that stands out to me was with an Abercrombie model. I met him at a fashion show and he asked for my number. I ended up going to his place about a week later and we ended up having sex. And it was horrible. I never spoke to him again.

HS: *Ever had threesomes, group sex, or been involved in an orgy in your personal life?*

JJ: I definitely have. The hottest one would have to be my infamous Christmas Party story. Before I was a model/actress I worked in distribution in the adult business and knew a lot of the company owners and directors. I was at an adult industry Christmas Party in December 2002 and this guy started flirting with me. One thing led to another and we just started making out in the kitchen. Things got hot and heavy right there and we started having sex in front of everyone. Some other girls jumped in and it got so crazy that they were chasing me around the house trying to get more!

HS: *Do you have any tattoos? How many?*

JJ: No, I don't have any tattoos.

ALL IMAGES COURTESY OF MILE HIGH MEDIA, ZERO TOLERANCE

HS: Ever been caught cheating at school?

JJ: No because I was an A student. I didn't need to cheat. I graduated high school with honors and graduated Magna Cum Laude from college.

HS: Ever cheated on a significant other?

JJ: Yes. Who hasn't at some point?

HS: What makes you really angry?

JJ: All kinds of stuff. Racism ... bad drivers ...

HS: What's the naughtiest thing you've ever done sexually?

JJ: I've been DP-ed.

HS: Ever masturbated in public?

JJ: Not unless masturbating in your car while driving on the freeway counts!

JJ: HIGH SOCIETY: Ever have sex with someone you couldn't remember having sex with?

JJ: Not really. I mean, I didn't forget the next morning, but there have been instances where I forgot over time.

HS: What type of guys do you date?

JJ: All of my not-so-serious relationships were with bad boys, but

my serious, long-term relationships have been with good guys. I don't really have a specific type, they just have to be a minimum of 6 feet tall (I'm a tall girl, what can I say?), be funny, be secure with themselves, and be honest with me.

HS: What's your drink of choice?

JJ: When it comes to wine, a nice Sauvignon Blanc or Pinot Noir. Beer would be a Belgian Witbier. In terms of hard alcohol, which I barely drink, I can't turn down a nice Cucumber Hendricks martini.

HS: Have you ever done something sexual, willingly, you regretted afterwards?

JJ: Having sex with a good friend. We were extremely drunk and it should have never happened. Thankfully it didn't alter our friendship.

HS: Anything you'd like to say in closing to our readers?

JJ: Thank you so much for your support over the years!
